- b) **Incidents;** Incidents will occur and staff will address all in a professional and timely manner. Incidents vary in severity and are approached and solved differently. More serious incidents require staff involved to mediate, solve, record and inform their immediate supervisor.

HEALTH POLICY

The Health Section of the Membership form must be completed. It is the responsibility of the parent/guardian to report diet restrictions, allergies, or other health problems. Members are required to be well enough to participate in daily activities including outside play.

After a 24 hour period members will be allowed to re-enter the Club only when the illness / condition has cleared or the member is no longer infectious/contagious.

If a member should become ill or develops any of the above symptoms while attending the Club, the member will be isolated until the parent arrives or has arranged pick up. We cannot arrange care in isolation for very long, therefore parents are required to pick up their child/youth within one hour of notification.

- b) **Medication:** Should a member be on medication, both prescription and non-prescription, parents must sign a medication form confirming its usage. The parent/guardian should bring the medication to a staff member to place in club medical storage. In case of emergency, verbal agreement from the parent will be considered binding. 8 .CHILD MANAGEMENT / DISCIPLINE

In order to ensure a safe, secure and healthy environment for all members the BGCGH has developed a Code of Conduct. In an effort to provide consistency in the lives of members, the staff of BGCGH supports and follows this code of conduct. It is our goal at the BGCGH to help children work through issues and problems in a constructive positive manner. Helping children understand what they could have done differently in any given situation provides them with the tools to make better choices in the future. When an incident occurs between two children, staff are to act as a facilitator to encourage the children to work out the issue using our problem solving model. We view conflict as an opportunity to learn.

Problem Solving Model

Step 1:

Bring both children together. Allow each child to explain what they feel has happened without interruption.

Step 2:

Ask questions of the children to gain a better understanding of the situation. Repeat the story back to the children. Explain to the children within the story what each other was thinking at the time.

Step 3:

Ask them is there anything they could have done differently. If they cannot identify any changes go back through the story stopping at points in which you are able to ask the question again.

Step 4:

Work with the children to find a solution that both parties can agree on. It does not always have to be “sorry”. The children will brainstorm some ideas. What we might think will fix the problem may not always be what they want.

The problem solving model will be used by staff and members to defuse most situations that occur at the Club.

Incident Report

When an incident happens at the Club that requires Parent/Guardian notification, a written Critical Incident form will be filled out by staff, which will be reviewed by a supervisor and then given to a parent/guardian to sign. The BGC Greater Halifax strives to create a positive environment for all of our members. Inappropriate behavior will be addressed and a range of proactive interventions will be used to promote positive behavior. Consequences will be appropriate for each individual member and will consider factors that include the member's age; stage of development; special needs; social/emotional needs; and level of cognitive functioning, etc. Consequences will also reflect the frequency, severity, and intensity of the inappropriate behavior.

When unacceptable behavior leads to:

Intentional Damage:

Intentional Damage committed against the Club or property of the club by any member will result in a suspension. If serious vandalism occurs police will be notified.

Alcohol/ Drugs:

Any member suspected of being under the influence of alcohol or drugs while participating in Club programs or on Club property will have a Parent/Guardian notified immediately. If a parent/guardian cannot be reached the police will be notified immediately.

Stealing:

Physical Violence:

Physical violence is not tolerated at the Club. Any member or Parent/Guardian who intentionally inflicts physical harm upon another member, staff, volunteer or parent/guardian will be suspended from the Club. If aggressive behavior continues members will be removed from the program until it is deemed appropriate by the Club Manager for the member to re-enter the program.

Threats:

Threats of violence are not tolerated at the club. Any member or Parent/Guardian who threatens physical violence upon another member, staff, volunteer or parent/guardian will be suspended from the Club. If threats continue members will be removed from the program until it is deemed appropriate by the Club Manager for the member to re-enter the program. Authorities will be contacted when deemed necessary by staff.
